

## Questions on Building or Remodeling? Be Sure to “Ask the Experts” at HOME SHOW 2023

The Home Builders & Remodelers Association of Western Massachusetts, the producer and sponsor of HOME SHOW 2023: The “Original” Western Mass Home & Garden Show, has an array of free services and information for the consumer that has questions about their building and remodeling projects.

If you are planning to build or remodel, be sure to stop by the Home Show office by Door 7 of the Better Living Center to speak to one of our knowledgeable staff members. Our association represents over 400 companies in the Hampden, Hampshire, Franklin and Berkshire counties and is comprised of builders, remodelers, subcontractors and other industry professionals that can offer a wealth of information about every aspect of the residential construction field. From carpenters, plumbers, electricians, landscapers, and even bankers, our association is comprised of professionals that can help you see your project from the beginning to the end.

Staff and members of the association will be on hand during the show to answer consumer questions, and if they are not able to answer a specific question, they will recommend a professional that can. The Home Builders & Remodelers Association of Western Massachusetts has been educating consumers for eighty years. It is their firm belief that an educated consumer can make a much more informed decision when they are building and/or remodeling. Many consumers do not know where to turn when they begin a construction or remodeling project and often find themselves overwhelmed with the process. Consumers can call the association office at 413-733-3126 throughout the year for free information and referrals.

*For more information, please contact the Show Office at 413-733-3126. During the week of the show, please call 413-205-5061.*
