Move In & Set Up

The following is the set-up schedule for our show. If you need modifications to these hours, please call the Home Show Office.

DAY	DATE	HOURS
Monday	March 23	Noon - 8:00 p.m.
Tuesday	March 24	8:00 a.m.—8:00 p.m.
Wednesday	March 25	8:00 a.m.—8:00 p.m.
Thursday	March 26	8:00 a.m.—Noon

THERE MAY BE LIMITED ACCESS THROUGH DOOR #7 IN THE BLC BEGINNING TUESDAY. ALL BOOM TRUCKS AND OTHER LONG WHEELBASE VEHICLES THAT UTILIZE THIS DOOR SHOULD CONTACT THE OFFICE TO MAKE DELIVERIES EARLY ON TUESDAY MORNING.

Arrival of Exhibit Material at Show

It is required that adequate personnel be present at your booth to receive shipment and take inventory. Remember that merchandise shipped in advance to the official drayage contractor will be delivered on the first day of installation. Any discrepancy in merchandise received through the drayage contractor should be reported to Demers Events & Expo Services service desk immediately.

Overnight Packages & UPS Deliveries

UPS will not leave packages without the signature of the exhibitor or his/her agent. If you are expecting a delivery, someone must be available to sign for it. Please notify our office if this is not possible. We accept no responsibility for delivered or refused packages. This is the role of the Drayage Contractor. If no one from your firm is present at the time of delivery, the Drayage Contractor will act as your agent at their published rate.

All move-ins will be coordinated by the Operations Staff at (413) 733-3126 through Friday, March 21. After that date, please call 413-205-5061. While setting up booths which contain small, easily picked up articles, use of individual booth safeguards should be made: i.e: chaining of items, covering materials with tarps or locking containers and showcases. DO NOT PUT ANY ARTICLES OF VALUE IN A CRATE OR CARTON DESIGNATED FOR "EMPTY STORAGE".

Vehicles may be brought into the buildings for unloading only. As soon as they are unloaded, they should be removed and parked outside. This policy will be enforced when the building is heavily occupied. When unloading for your booth, please utilize the common aisles, not another exhibitor's booth space. In inclement weather, unloading in another exhibitor's area causes problems, (i.e., a vendors booth getting wet/dirty). Any exhibitor who causes this problem will be responsible for drying or cleaning the booth. The show owner reserves the right to control vehicle access to all buildings, up to and including banning specific vehicles from entry; and may establish additional conditions for vehicle access.

Vehicles will have limited access to be allowed in the buildings beginning 8:00 am on Wednesday, March 26 (in inclement weather) until the show closes on March 30. Show management reserves the right to limit vehicle access into the building on a case by case basis. On the evening of Sunday, March 30th, no vehicles will be allowed in the buildings until show management has cleared the building of show attendees.

All major work should be completed on your exhibit by 8:00 p.m. on Wednesday, March 26th. Finishing touches on your display may take place between the hours of 8:00 a.m. and Noon on Thursday, March 27th. Any space not claimed and occupied by this time without prior show permission may be resold without refund.

All exposed, unfinished areas of your booth visible to show attendees must be covered at your expense so as not to distract from surrounding booths. These areas must be covered with painted plywood and/or fireproof drapery material. THIS IS AN EXHIBITOR RESPONSIBILITY AND WILL BE STRICTLY ENFORCED. The Home Show reserves the right to have such areas covered and bill the exhibitor for the cost. Exhibitors may not staple drapery material owned by the show contractor without the express consent of the contractor. The exhibitor will be responsible for the replacement cost of any such drapery.

No displays or booths may be extended beyond the allocated size as indicated in the 2024 rate schedules and your contract.
(See page 15)

“Vendors must have an exhibitor pass to gain admission into the building during restocking hours. This is for the protection of vendors and their booth displays.”

Booth Restocking

For those exhibitors who are required to restock their booths during the show, the following schedule will be strictly enforced:

Friday	March 28	10:30 a.m.—11:30 a.m.
Saturday	March 29	8:30 a.m.—9:30 a.m.
Sunday	March 30	8:30 a.m.—9:30 a.m.

Restocking of booths during actual show hours is discouraged. For security measures, the above restocking hours will be strictly enforced. Vendor personnel must have an exhibitor pass to gain admission into the building during restocking hours.

Breakdown Schedule

<u>DAY</u>	<u>DATE</u>	<u>HOURS</u>
Sunday	March 30	5:00 p.m.—8:00 p.m.
(Hand carried items only—no vehicles allowed until show clears show attendees from the compound.)

It must be stressed that exhibitor personnel must remain with merchandise until it is removed from the exhibit floor, or adequately secured against theft.

Each outbound carton or crate must be properly labeled or tagged for shipment and should not be left unattended in your exhibit booth.

While adequate guard service will be provided by the Show management around the clock, it is responsibility of each exhibitor to take whatever precautions he/she deems necessary to prevent loss or damage.

The “Original” Western Massachusetts Home & Garden Show assumes no liability or responsibility for any loss or theft. Therefore, it is incumbent upon exhibitors to provide their own insurance coverage.

Exhibitors must vacate the premises by 3:00 p.m. on Monday, March 31st. Any materials or goods left on the premises after the conclusion of break down hours will be deemed abandoned in place and removed. The exhibitor shall be responsible for all costs related to this removal. Prior to March 15th, arrangements may be made with the drayage company to store such booth or materials.

Forklift Services

A forklift may be hired at the exhibitor's expense from Demers Show Services if required for set-up and/or breakdown. Insurance regulations require that all power equipment must be operated by a licensed individual.

All exposed wood construction materials of your booth, i.e. 2 x 4s, 2 x 3s, etc. must be covered by the exhibitor as not to distract from the next booth. These areas must be covered with painted plywood and/or fireproof drapery material. THIS IS AN EXHIBITOR RESPONSIBILITY AND WILL BE STRICTLY ENFORCED.

The Home Show Committee will be charged with the enforcement of this rule, and any violations will be corrected prior to the official opening of the show.

STANDARD SIDE OF STANDARD BOOTH

From the front of the booth, the first two feet of your booth can not be higher than 36 inches. This includes any display material in your booth as well. After the initial two feet from the front of the booth, your display may be as high as eight feet provided the back of the display is finished.
